

2023 Express Your SuperPower 5K/10K

In-Person and Virtual Event Sponsorship Opportunities

Promoting and Supporting Breastfeeding and Human Milk Feeding Throughout Georgia

Express Your SuperPower 5K/10K will be promoted throughout Georgia and nearby states via media, public relations contacts, websites, distribution of flyers, Facebook and other social media channels, public service announcements and press releases. Opportunities for your company are numerous, with your name and logo reaching thousands of health-conscious people.

Saturday Morning, September 30
Etowah River Park
Canton, Georgia

Georgia has the 6th highest preterm birth rate in the United States and is tied for 4th highest infant mortality. An estimated 2,200 babies are born in Georgia weighing less than 3.5 lbs putting them at great risk for necrotizing enterocolitis (NEC), a deadly disease; we have the 3rd highest NEC mortality in the United States. Using donor milk from a milk bank instead of formula to feed these fragile infants can reduce the risk of NEC by 75%.

We are the only state in the Southeast without a milk bank despite an awareness of these sobering statistics. It's time to do more to protect Georgia's most at-risk infants. And thankfully, we can, with the healing power of pasteurized human donor milk, which is recognized by the American Academy of Pediatrics and other experts as life-saving medical nutritional therapy for medically fragile infants.

In 2023, all proceeds of the run will go to support the MedMilk Project, Building Georgia's Milk Bank!

Join MedMilk in believing Georgia can lead the nation when it comes to infant health and where the state's most at-risk infants thrive, thanks to equitable access to pasteurized, human donor milk provided by an HMBANA-affiliated nonprofit milk bank. MedMilk is in the process of applying to become a 'milk bank in development' with the Human Milk Banking Association of North America (HMBANA) and needs our help to raise funds to support strategic planning.

This is a vitally important public health issue that affects the health of all Georgians.

Thank you for your consideration -- whether monetary, in-kind, services, products or time.

We could not make this happen without you!
